OLD BUSINESS

1. What Went Well

Preregistration worked out well. Majority of buyers where quickly registered.

Load out at Midnight. Most of the processors like it.

2. What We Could Improve On

Roger- Buy some halters for the species for load out so we are not using kid halters and if one remains on the animal as it bolts into the trailer less worry about retrieving the halter.

Andrea- Meetings at Fair. We need to have one right after the scale for final weigh in has closed and the data has be organized so the committee can look it over before sending it out to the Superintendents, Focus on Rate of Gain.

Group came to a general consensus that we would have a 7am meeting every morning.

Review of duties for Final Weigh In. Do we need that much help from US Bank?

**Look at During September Meeting**

Need a computer and printer at checkout the night of the sale.

3. Review of Rules for 2014
